

RAPS Issues and Risk Register 2026-06-06

Key: High Low

Ref	Description	Risk	Mitigation	Status
1	Low membership level	Insufficient revenue to meet costs and loss of legitimacy If below 10% of households.	Encourage past members to keep renewing and promote value of joining to all residents	50 members in 2025 needs to be closer to 75 to keep association running and valid.
2	Less efficient communications with PCC	Lack of consultation and loss of timely information.	In absence of named contacts, fall back on MP and local councillors	Nick Lloyd & Lucy Howard (Planning Policy Team) Gareth Colwell (Tipner W) David Emmett (Country Park)
3	PCC planning: adjacent areas	Adverse change (e.g. environment). Solent Freeport 2022-	Maintain dialogue with residents and PCC to bring about improvement	Freeport initiatives unlikely to impact on Port Solent. City Deal initiatives on hold, Tipner West revised and downscaled.
4	PCC planning: Port Solent area	Facility/ infrastructure overload	Maintain informed dialogue with residents and PCC to bring about improvement	Country Park delay. Statement of Common Ground (3/26) opens new chapter.
5	Traffic on Port Way	Accidents caused by speeding	Residents should observe speed restrictions to set example and report violations.	Digital signs and road markings installed.
6	Litter	Annoyance, danger to pets from discarded fishing tackle, disease	Public action, Premier and PCC action	More litter bins needed, monitor recycling bins in Lock View. PCC respond to alerts about overflows.
7	Fishing	Anti-social behaviour, risk of personal injury fishing close to lock. Littering	Signage, dialogue, enforcement	Signage reinforced in 2019 by PCC routinely ignored.
8	Bicycles, e-scooters in same spaces as pedestrians	Accident. Blind corners near Premier lock building especially dangerous	Encourage Premier to maintain restrictions. Raise with Neighbourhood watch.	TBA

Ref	Description	Risk	Mitigation	Status
9	Bad parking from overcrowding and increased multiple vehicle ownership	Accident, obstruction	Enforce with signage, take up with POSOL.	TBA
10	Changing environment	Flooding from sea level rise, lock overflow/damage	Dialogue with local authority	<u>Very low for most of Port Solent</u>
